

Section Back-Up Material Board of Managers

January 2020

IX. Informational Reports, Recommendations and Additional Items Presented as Possible First Reading Items

a. Revised Seeding Criteria for all sports except Football and Basketball

The following criteria will be used as a starting point for seeding:

1. Coaches rankings 1-10
2. Overall winning percentage
3. Strength of Schedules as determined by?

This Information will allow the Seeding Committee to put teams in quadrants. If there is a clear-cut winner, the criteria below will not be used. If there is no clear-cut winner, the following prioritized criteria will be used to break the tie.

1. Place in common league
2. Head to Head (an even split goes on to next criteria)
3. Record vs common opponents
4. Scorebook Live Central Section Rankings
5. Overall winning percentage

b. Year to Year Division Placement Proposal with placements at the end of the season

This proposal would change Article 34 from its current form of doing Division placement every Two-Years to Year to Year. The new model would work as follows:

The new proposal would be for the following sports, Football, Volleyball, Tennis, Water Polo, Basketball, Soccer, Baseball and softball. (Bracketed Sports). **Cross Country, Track & Field, wrestling, golf and swimming would be under the current format.**

Upon completion of the last contest for each of the Bracketed sports the section office would place each of the teams entered in the play-offs into a division based upon their current year performance. This would be done by using an RPI Index and any other data that would be pertinent to placing teams into the appropriate division. Appropriate division means where they are competitive, not too win a division title.

Rationale for Change:

This new model would place teams in divisions using current year results with current players on rosters. Using this model will eliminate coach's feelings of being penalized for past success. It will also reflect transfers in and out of a school placing them in divisions with current rosters. By using current year's data, the divisions would have teams placed with teams of common ability. Lastly, teams will benefit because schools will not be in divisions that is too high or too low of a division for period of time that could benefit or hinder the program.

Division Placement Procedure:

Upon completion of the last regular season contest, the section seeding committee will place all teams that are entered in the playoffs into divisions. **This process will apply to only the bracketed sports in the Central Section.**

Fall:

Football, Water Polo, Girls Tennis and Girls Volleyball

Football: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams, Division 5-16 Teams and Division 6 all remaining Teams up to 16

Girls Tennis: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams and Division 5 all remaining schools up to 16

Girls Volleyball: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16

Teams and Division 5 all remaining Teams up to 16
Water Polo: Division 1-8 Teams, Division 2-8 Teams and Division 3 all remaining schools up to 16

Winter:

Basketball: Open Division 4 Teams, Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams and Division 5 all remaining Teams up to 16

Soccer: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams, Division 5-16 Teams and Division 6 all remaining Teams up to 16

Spring:

Baseball: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams, Division 5-16 Teams and Division 6 all remaining Teams up to 16

Softball: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams, Division 5-16 Teams and Division 6 all remaining Teams up to 16

Boys Tennis: Division 1-8 Teams, Division 2-16 Teams, Division 3-16 Teams, Division 4-16 Teams and Division 5 all remaining schools up to 16

Boys Volleyball: Division 1-16 Teams and D2 All remaining schools.

How the process will work:

1. As addressed above upon the completion of the last regular season game/match, all schools that have entered the play-offs will be placed in divisions.
2. The section office will use an RPI index created for this purpose. The state office is developing the index. **Another option would be to use the CIF Home Platform in the Central Section, which has an RPI Index as part of its package. There is a cost to the CIF Home option and the schools would have to pay for it.**
3. Once teams are in divisions, then seeding criteria will be used to award the seeds for the play-offs.

c. Year to Year Division Placement Proposal using previous Most Current Years Data.

This proposal will amend Article 34 for division placement from the Two-Year Cycles to using a single year of points for placement. The points will come from the previous year's playoff results. This proposal will apply to all sports. The process will work as follows:

- The points will be totaled at the end of the previous season using the current point model.
- The Process for approval will continue as it is in the current format.
- Once the placements are approved by the Board of Managers the appeals window will open for Fifteen Days. The appeal can only be based on the following criteria.

1. New Coach that has not been part of the program.
2. Loss of majority of the team due to graduation.
3. Number of Transfer out.
4. Number of athletes returning from previous years team.
5. Other special circumstances

The next part of the proposal will be to amend Article 34 in regards to transfers into or out of a program. The new proposal will give the commissioner the ability to look at the division placement of a team in regards to multiple transfers into a program. This will be changed from just sit-out period transfer to all transfers into a program.

d. Golf Division Placement and championship proposal

In an effort to help with the competitive equity placement of golf teams in our section. The following changes are being proposed to how golf Division Placement is done and how to qualify for the division and section championship as an individual are being recommended.

Team Division Placement:

- Placement in Division 1 will remain the same. If a team elects to move up to be able to qualify as a team for So. Cals and State, they must declare that they want to be moved up by the first event.
- Placement in Division 2 and Division 3 will be determined by the score that the team shoots at the League Qualifying Event. If they shoot the qualifying score for a Division, they will qualify for that Division at the D2/D3 Championships.

Individual Qualifying for Area and the Section Championships:

- There will only be one Area qualifying Tournament. It will be at the site that is hosting the D2/D3 Team Tournament the day before the team tournament. Individuals that qualify at their respective League Tournament will come to this event. If they are on a D/2 or D/3 team they will qualify out of that tournament.
- The number of qualifiers and the qualifying score from the League Event will remain the same.
- The top 25 individuals and ties that shoot 85 or better for boys and 90 or better for girls will qualify for the section championship. To qualify from the D2/D3 Tournament an individual must shoot a score equal or better to the highest score that qualifies out of the Area Tournament and must meet the required respective maximum score.
- By using this format all individual golfers will qualify of the same golf course.

Awards:

- D2/D3 Team Awards Champion and Runner Up. Individual awards 1st-8th place
- Area will have Individual Awards only. 1st-15th
- D/1 Team Awards Champion and Runner Up. Individual awards 1st-12th place

Hats and Team Medal will also be awarded to all Team Champions!!!

e. SWYL Seeding Criteria Proposal

Proposed seeding procedure for all sports

The Seeding Committee will use coach’s rankings as one of the criteria for determining the seeding placement of teams. Playoff intent forms along with season schedule and results will be sent to the section office the Tuesday before seeding. The season schedule and results will be sent to each school’s athletic director within a division on the Wednesday before seeding. Coach’s rankings will be sent to the section office by 9 am the morning before the seeding meeting. The selection committee will drop the lowest and highest coaches ranking by each school in order to discard any outlier ranking.
